

## IRISH DELEGATES GO BACK TO LONDON

Day Devoted to Consideration of the Latest British Proposals.

NOT AN INKLING PUBLIC

But Fact That Members Are Returning Regarded as Good Sign.

FAILURE MEANS ELECTION

Appeal to Country Thought Likely if No Settlement Is Reached.

DUBLIN, Dec. 3. (Associated Press).—The Irish plenipotentiaries, after important discussions here today on the latest British proposals, started on their return to London to take up once more the details of the Irish settlement.

The Daily Eireann Cabinet meeting ended at 7 o'clock this evening, consideration of the British proposals having been completed. Eamon de Valera proceeded to Galway.

The first meeting this morning was attended by all the plenipotentiaries, including those not members of the inner Cabinet. Between 3 and 5 o'clock

in the afternoon the members of the inner Cabinet conferred together, and for two hours, between 5 and 7 o'clock, the Cabinet and all the plenipotentiaries met.

There is not the slightest inkling of the course of the discussion or the decision of the Cabinet, but the fact that all the members of the delegation are returning to London is regarded generally as a hopeful sign.

LONDON, Dec. 3. (Associated Press).—News that the Sinn Féin delegates are on their way here from Dublin was taken in London to indicate there would be a further discussion of details and a rise to the hope that a final breach in the negotiations might be averted. It was expected the reply of the Daily Eireann Cabinet to the latest British proposals would be "Yes" or "No," and that in either event the Prime Minister, upon Mr. Griffith's return, would decide the Government's future action.

Lloyd George, although in the country, is within easy reach of London, and he could see the Sinn Féin delegates tomorrow, if necessary. Government officials said to-night.

It is understood the Sinn Féin delegates are bringing the Daily Eireann's last word, and if Lloyd George should be able to meet any additional points they might raise he would submit the new plan to Sir James Craig, Premier of Ulster, by Tuesday. In the event of rejection of the proposal by Sir James, it was indicated that the next move might be the resignation of the Cabinet members as a prelude to a general election.

If an agreement should not be reached between Sinn Féin and the Government

the new plan, it is understood, will not be submitted to the Ulster Premier, and there was no definite clue as to what might be Lloyd George's next move.

In some quarters belief was expressed that the military would be given command of the Irish situation immediately.

In other circles, however, it was supposed the Government would publish all the correspondence on the Irish situation and ask the electors later for a mandate to deal with the situation.

BRITISH LABOR LEADER SAYS ULSTER BARS WAY

LONDON, Dec. 3.—Ulster's attitude in the Irish peace negotiations was attacked by Arthur Henderson, Secretary

of the Labor party, in an address opened by a fair organized by London Laborites. Henderson said the Sinn Féin had made concessions, but that Ulster had refused to move an inch, taking shelter under the pledge of the Prime Minister that he would not coerce Ulster. "The door for peace," said Mr. Henderson, "was not open wide enough because Ulster prevented it. Are we to have another war because Ulster is unresponsive to the call of common sense? Is there to be no peace except on Ulster's terms? If Ulster entertains a wild dream that the British people will allow Sinn Féin Ireland to be dragged because Ulster wants its own particular form of government, they are only deluding themselves. Labor will oppose any such weakness."

RELEASE, Dec. 3. (Associated Press).—Under no circumstances will Ulster give up her Northern Parliament for an All-Ireland Legislature, declared John Miller Andrews, Minister of Labor in the Ulster Cabinet, to-day.

"On behalf of the Northern Government, I tell you," he asserted in an address at Killinchy, County Down, "that under no circumstances are we prepared to give up our Parliament or to agree to enter an All-Ireland one, dominated, as it undoubtedly would be, by men who are avowedly enemies of Great Britain, whose aims are not our aims, whose ways are not our ways."

"Let our opponents," he said, "show a spirit of reasonableness and a real desire for peace, as we have done, and we are prepared that our Parliament should work with them for the prosperity of Ireland as a whole, each admitting the supremacy of the mother Parliament and each owing allegiance to the same honored King."

COLLINS'S BROTHER RELEASED

CORK, Dec. 3.—John Collins, brother to Michael Collins, a member of the Sinn Féin delegation in the Irish conference, was released unconditionally from imprisonment to-day.

He had been confined at Spike Island, from which place he was recently removed to a military hospital in Cork.

## EGYPTIANS BALKED AT BRITISH GARRISON

Reason for Rejection of Proposal to Abandon Protectorate Revealed.

NOT REAL SOVEREIGNTY

Independence Offered by Britain Had Many Qualifying Conditions Attached.

LONDON, Dec. 3. (Associated Press).—A British Government "White Paper," issued to-night regarding the recent negotiations with an Egyptian delegation on the abandonment of the British protectorate over Egypt, shows that the Egyptians rejected the proposals of Lord Curzon, the Foreign Secretary, chiefly owing to the military provisions.

The reply of the Egyptian delegation stated the proposals reserved to Great Britain the right to maintain her military forces at all times throughout Egypt and to control communication, which "constitutes occupation" and, in simple, destroys every idea of independence and suppresses even internal sovereignty.

The reply said the British proposals respecting the Sudan also were unacceptable, as they failed to guarantee to Egypt the sovereignty of the Sudan and her control of the Nile.

"We had hoped," the reply states, "to conclude a treaty of alliance which, while truly establishing the independence of Egypt, would have safeguarded British interests; and Egypt, as an ally of Great Britain, would have held it a point of honor to fulfill scrupulously the obligations incumbent upon her."

the eastern zone of the Suez Canal; second, a British controller of the public debt would be appointed; third, Egypt would have the right of diplomatic representation abroad, but in all treaties save commercial agreements the British Government would have the right to be consulted; fourth, Alexandria would be a British naval base, with an international police force; fifth, the Anglo-Egyptian Sudan would remain as at present, with the enjoyment of equal rights by both countries, and the safety of the Egyptian water supply would be guaranteed.

ARMENIANS IN PANIC  
EVACUATING CILICIA

CONSTANTINOPLE, Dec. 3.—The emigration of non-Muslims from Cilicia, which has been in full swing in anticipation of the French withdrawal following the conclusion of the Franco-Turkish Nationalist agreement, has been suspended owing to refusals from Smyrna, Cyprus and Egypt to receive any refugees. Reports received here declare the panic is so great that the French are not able to control the situation, more than 50,000 refugees having been driven toward the coast in fear of massacre at the hands of Turkish bands when the French withdraw.

Although conscious of the hardships which confront them, the refugees, the advice state, are refusing to return to their villages, preferring to die of hunger and cold rather than perish, as they fear, at Ottoman hands or be conscripted by the Turks, who have not exempted non-Muslims from compulsory service in the army.

TERRORIZE PARIS

Paris is suffering from a new epidemic of kidnapping. In the last two weeks the police have been asked to find five babies stolen from their cribs or carriages under circumstances indicating that an organized band is working in this direction.

The latest case was yesterday, when a young mother engaged a nurse at an employment bureau. While returning home she decided to call on a doctor and left her infant in charge of the new nurse in a taxi cab.

## ENVER PASHA RAISES ARMY IN CAUCASUS

Plans to Oust Kemal at Angora and Proclaim Soviet Rule.

DJEMAL PASHA HELPING

Nationalists, Alarmed, Demand Their Expulsion by the Moscow Government.

CONSTANTINOPLE, Dec. 3. (Associated Press).—The fact that Enver Pasha, the Young Turk leader, is conducting Bolshevik agitation in the Caucasus is confirmed, according to reports received by foreign representatives at Tiflis.

According to these reports an army is being organized in the northern Caucasus, with the support of Bolsheviks in that region, for the purpose of marching into Anatolia, overthrowing the Turkish Nationalist Government of Mustapha Kemal Pasha and proclaiming a Soviet dictatorship. Enver Pasha is said to have obtained the cooperation of Djemal Pasha, commander of Turkish forces in Syria and formerly Governor of Palestine, who, contrary to recent reports of his assassination at Kabul, was seen in Daghestan recently.

Reports reaching here indicate that Nationalist officials at Angora are much disturbed over the reappearance of Enver Pasha and other Unionists in the proximity of the Turkish frontier.

The Turkish Nationalist envoy at Moscow, it is reported, has remonstrated with the Soviet Government, demanding the expulsion of Enver Pasha and his followers from the Caucasus.

## COMMUNIST DEPUTY BREAKS UP QUORUM

Colleagues Withdraw as He Enters Rome Chamber.

ROME, Dec. 3.—The Communist Deputy Mistano, who recently was sentenced to ten years' imprisonment by military court-martial for desertion in the face of the enemy, entered the Chamber of Deputies this evening to take his seat. His appearance was the signal for an immediate outburst by the Fascists, who urged all the Deputies to withdraw.

A sharp battle of words followed, in

which the Socialists, Communists, Nationalists and Fascists took part. Finally enough of the Deputies withdrew to prevent a quorum and the session was abandoned.
